IN presenting this, the first **DIRECTORY OF THE COUNTY OF BRUCE**, to its numerous Subscribers, the Publisher begs to acknowledge the uniform courtesy shown to his agents in collecting matter for the same; and presents his best thanks to those who have extended advertising patronage to the undertaking, and confidently hopes that the small venture they have made will be a highly satisfactory one.

Every effort has been made, by sparing neither labor nor expense, to procure reliable information in all cases; and the Publisher takes pleasure in presenting the result of his efforts for the patronage of a generous public, indulging the hope that they will duly consider the many difficulties which surrounded the undertaking, owing to the newness of the County, and the absence of any prior authority on the subject, and overlook imperfections, and give him full credit for the large amount of valuable information hereby afforded.

In conclusion, the book is presented to the inhabitants of the County of Bruce with the hope that it will meet with the satisfaction and approval which, has been the earnest endeavor of the Publisher to achieve.

# THE HURON SIGNAL.

(ESTABLISHED IN 1848.)

THIS is the oldest Journal published in the Counties of Huron and Bruce, or in either of the adjoining Counties, and is devoted to Liberal Politics, Literature, Agriculture, Commerce, etc. It has enjoyed a very large circulation since its commencement by the late Thomas McQueen, and was never so widely spread amongst the most wealthy and intelligent class of readers as at the present time. Its circulation is in fact, equal to at least two of the other papers published in the Counties; and from the fact that it is sought after for all announcements of a public nature, as well as for reliable local news, it presents an admirable

## THE WEEKLY EDITION.

Which is published every Thursday morning in time for the train and early mails. The Weekly, since the commencement of the Semi-Weekly Edition, contains far more reading matter than formerly, and can compare favourably with any journal of the kind in the Province. We have regular correspondents in all parts of the Counties, who furnish us with everything of interest transpiring in the "bush;" and all Court proceedings, meetings of County Council, etc., are fully and carefully reported—when necessary, in phonographic short-hand—as are also political and other public meetings. The Reformers of Huron and Bruce are earnestly invited to give the Weekly Signal their hearty countenance and support. Terms \$1.50 per annum, in advance; \$2.00 at end of the year.

*Rates of Advertising.*—First insertion, eight cents per line; and two cents per line for every subsequent insertion. Small advertisements of a few lines, \$1.00 for four insertions in the Weekly. A liberal discount to merchants and others advertising by the year.

## REGULATIONS AND RATES.

*Letter-Rates.*—Letters posted in Canada, addressed to any place within the Province, pass, if pre-paid, for 5 cents per half-ounce, but if posted unpaid, are charged 7 cents per half-ounce.

On letters to Nova Scotia, New Brunswick, and Prince Edward's Island, the rate is 5 cents per half-ounce,—pre-payment optional.

The rate on letters to the United Kingdom will be—

By Canadian Packet, 12½ cents per half-ounce.

By Cunard Packet, 17 cents per half-ounce, advancing by one rate for each half-ounce.

Letters for the United Kingdom must be pre-paid, or they will be charged a fine of 6d. sterling in addition to the deficient postage on delivery in England.

Letters for British Colonies and Possessions, beyond sea, and for Foreign Countries, *via* England, must be pre-paid.

The rate on letters for the United States, 10 cents per half-ounce.

The following table exhibits the rates to most of the principal countries in postal communication with Canada :

N. B.—With the exception of those marked with an asterisk, all are to be sent by *Canadian Line* only; for *Cunard Line*, add to the above rates 5 cents for letters.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letters bear a special direction,—“By Canadian Packet,” or “By British Packet,”—and in that case, they are kept over for the packet designated. “By Canadian Mail” is not a distinctive superscription; for any mail for Canada is a “Canadian mail,” by whatever packet forwarded.

**Registration Charges.**—For the registration of a letter addressed to any place in British North America, the charge is 2 cents.

For the registration of a letter to the United Kingdom, 8 cents.

For the registration of a letter to the United States, 5 cents.

France, and other countries for which letters pass through France, an amount equal to the postage.

No letter can be forwarded as registered unless postage and registration fee are both pre-paid.

**Miscellaneous Charges.**—The charge on parcels, by Parcel Post, to any place in Canada, is 25 cents per pound, (with 5 cents additional, if registered). No parcel must exceed three pounds in weight.

One cent per ounce, payable in advance by postage stamp, is the rate on printed circulars, prices-current, hand-bills, and other printed matter of a like character; and on books, bound or unbound, when posted at a Canadian Post Office, addressed to any place in Canada, British North America generally, or the United States.

The charges upon prices-current, when addressed to the United Kingdom, is 2 cents each, and must be pre-paid by postage stamp.

Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or to and from the United States:—

1.—Packages of seeds, cuttings, bulbs, roots, and scions, or grafts, may be posted in Canada for delivery within the Province, or to an address within the United States, on pre-payment by postage stamp of a rate of one cent per ounce; and when received from the United States, addressed to any place in Canada,

\* All of these to be addressed “via United States.”

\*\* To San Francisco only, an additional charge on delivery.

such packages may be delivered on payment, by the person addressed, of a like rate.

2.—The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and, in the case of such packages mailed in Canada, the nature of the contents, such as "*Seeds*," "*Roots*," &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate hereby made applicable to such matter.

3.—Book manuscript, and printers' proof-sheets (whether corrected or not), maps, prints, drawings, engravings, photographs (when not on glass or in cases containing glass), and sheet music (whether printed or written), may pass in covers open at the ends or sides, and provided that no letter, or other communication intended to serve the purpose of a letter, be enclosed therein, on prepayment, when posted in Canada, by postage stamp of the ordinary printed-matter rate of one cent per ounce; or upon payment of that rate on delivery on such matter when received in the mails from the United States.

Transmission of Patterns of Merchandise and Samples between Canada and the United Kingdom, and certain other countries:—

4.—Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, and the German States, by the Canadian Packet mails, at book-post rates, and subject to the following conditions:

A.—The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern; nor must the quantity of any material or article, sent as a pattern or sample, be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Departmental Order, appears as follows:

B.—It has hitherto formed part of the Imperial Post Office regulations that "*samples or patterns must not be of intrinsic value*," but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter nor enlarge in any way, the character of the transmissions permitted to pass by pattern post.

The special prohibition as to intrinsic value has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by pattern post is a genuine commercial sample (or pattern) or not, but because as a general proviso it could not well be enforced; inasmuch as every article whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C.—The patterns, &c., must be sent in covers, open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or rather material, simply tied at the neck; or, provided that bags be transparent, they may be entirely closed, if they are for delivery within the United Kingdom. Bags, however, entirely closed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

D.—The rule which prohibited the transmission through the post, as patterns, of articles of cutlery, &c., has been rescinded; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to

afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they may be easily examined; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

No packet of patterns or samples must exceed 24 oz. in weight.

A packet of patterns or samples sent to France, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

A packet of patterns or samples sent to Germany or Belgium must not exceed 8 ounces in weight.

None of the articles named in the rule D, may be sent as patterns or samples to any place abroad, except Germany, Belgium, and the British colonies, and not to these places when addressed "*via France*."

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's or trade mark and number, and the prices of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

The rule which forbids the transmission through the Post of any article likely to injure the contents of the mail-bags, will apply to patterns and samples; any package transgressing this rule is to be sent to the Postmaster General.

Transmission of patterns and samples within the Province of Canada:—

Patterns or samples of merchandise and goods for sale may be posted in Canada to be forwarded to any place within the Province, on pre-payment by postage stamp of a rate of one cent per ounce, under the following regulations:

I.—Patterns or samples must be sent in covers open at the ends so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, fastened in such a manner that they may be readily opened—or in bags entirely closed, provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

II.—The packet may bear on the *outside* the address of the sender in addition to the address of the person for whom it may be intended—also a trade mark and numbers, and the price of the articles enclosed—*inside*, there must be no enclosure but the samples or patterns themselves—the particulars, however, of the trade marks, numbers and price, may be marked on the articles themselves instead of on the outside of the packet at the option of the sender.

III.—Any sample or pattern packet containing a letter, or otherwise violating the conditions of the preceding rules is to be rated and treated as a letter.

IV.—The rate of 1 cent per ounce is to be pre-paid by Postage Stamp—and if such rate be not fully pre-paid by the stamps affixed—the packet is to be rated with the deficient postage and a fine of 5 cents in addition.

V.—Packets of samples and patterns may be registered on pre-payment by postage stamp of a registration fee of 5 cents in addition to the postage rate—and provided such packets be duly handed in to the Post Office for registration.

A registration receipt or certificate should always be given for such packets when presented for registration.

VI.—No packet of samples or patterns must exceed one pound in weight; any packet exceeding that weight is to be sent to the Postmaster General.

*Book Post.*—Books, bound or unbound, posted in Canada, and addressed to any office in Canada, British America and the United States, are chargeable with a rate of one cent per ounce which must be pre-paid by postage stamps.

Book packets are forwarded by post from Canada to the United Kingdom *vice versa*, by Canadian steamer only, at the following rates:—For each packet

Not more than 4 oz.	.....	7 cents.
Exceeding 4 oz., and not exceeding $\frac{1}{2}$ lb.	.....	12 $\frac{1}{2}$ "
" $\frac{1}{2}$ lb., " 12 oz.	.....	19 "
" 12 oz., " 1 lb.	.....	25 "
" 1 lb., " 1 $\frac{1}{2}$ lb.	.....	32 "

And so on, the scale progressing throughout by a single rate for every four ounces  
6.—No prints or printed matter will be allowed to pass by book post between the United Kingdom and Canada, unless printed on paper, parchment or vellum.

Book packets addressed to the United Kingdom can be registered on payment of the ordinary registration fee (8 cents) in addition to the postage.

*Book Post with France.*—For a packet of printed matter, or single newspaper, book, &c., not over 2 ounces..... 5 cents.

Do. exceeding 2 ounces, and not over 4 ounces	.....	10 "
Do. " 4 " " 8 "	.....	20 "
Do. " 8 " " 16 "	.....	40 "

And so on; increasing 20 cents for every additional half-pound.

The Book-post Regulations between Canada and England apply to matter between Canada and France.

*Newspapers and Periodicals.*—Newspapers published in Canada may be sent by post from the office of publication, addressed to any place in Canada, at the following rates, *if paid quarterly in advance*, by either the publisher at the post office where the papers are posted, or by the subscriber at delivering post office:—

For a paper published 6 times a week.....	2s. per qr., or 40 cents.
" " 3 " .....	1s. " or 20 "
" " 2 " .....	8d. " or 13 "
" " 1 " .....	4d. " or 6 $\frac{1}{2}$ "

When the above rates are not paid in advance, by either publisher or subscriber, such papers are charged one cent each on delivery.

*Transient Newspapers.*—Transient newspapers, that is to say, Canadian newspapers, posted otherwise than from the office of publication, and American or British papers posted or reposted in Canada, must be pre-paid one cent each, by postage stamp, or they cannot be forwarded; except only *British newspapers* distributed to regular subscribers by Canadian booksellers and news-agents, such papers pass free, as they would do if received in the Canadian Packet Mail.

*Newspapers by Mail from England or United States.*—Newspapers received from England by the Canadian Packet Mails are delivered free.

Newspapers from England by the Cunard Packet, are charged 2 cents each on delivery. (This is the American transit charge.)

United States newspapers, brought by mail into Canada, are charged 1 cent each on delivery.

*Periodicals passing by Mail in Canada:—*

1.—The rate on all periodicals, other than newspapers, passing by mail in Canada, save such as may be addressed to or received from the United Kingdom, and such as are exempted from postage by statute, will henceforth be 1 cent per 4 ounces weight of package containing periodical matter, whether the package contain one or more numbers.

2.—Any fraction of 4 ounces to be charged as a full rate.

3.—On periodicals posted from the office of publication, or by news-agents or booksellers, to regular subscribers *within the Province*, this rate may remain to be collected on delivery, and must in such cases be marked upon the packages and charged in the letter-bills; but when mailed to go out of the Province, such periodical matter must be pre-paid by postage stamp. British and United States periodicals may be posted in Canada by news-agents and booksellers to regular subscribers in the Province under this regulation.

4.—Transient periodical matter posted in Canada must in all cases be pre-paid by postage stamp.

5.—The above rate will be payable *on delivery* on all periodical matter received from the United States, except that Canadian editors may receive exchange periodicals from the United States free of Canadian postage.

*Canadian Periodicals posted for United Kingdom by Canadian Packets:—*

6.—Periodicals, printed and published in Canada, may be posted, addressed to any place in the United Kingdom *by Canadian Packet*, on pre-payment by postage stamp of 2 cents each number.

7.—This rate will be applicable to all classes of Canadian periodicals posted as above for the United Kingdom, the exemption to which certain classes of Canadian periodicals are entitled, extending to such numbers only as are addressed from the office of publication within the Province.

*Postage Stamps.*—Postage Stamps, of the respective values of 1 cent for newspapers; 2 cents for prices-current for the United Kingdom; 5 cents for ordinary Provincial letters; 10 cents for United States rate; 12½ cents for Canadian Packet, and 17 cents for Cunard Packet,—are provided for sale to the public.

*Letter Envelopes*, impressed with Medallion Stamp, and equivalent to the prepayment of postage, to the amount of 5 and 10 cents respectively, are furnished for sale to the public at the following rates:—

The 5-cent Envelope, at \$5.50 per 100, or 66 cents per dozen.

The 10-cent Envelope, at \$10.50 per hundred, or \$1.26 per dozen.

*Penal Clause.*—The Act contains the following penal clause:—

To inclose a letter, or letters, or any writing intended to serve the purpose of a letter, in a parcel posted for the parcel post, shall be a misdemeanor.

To inclose a letter, or any writing, or make any written marks to serve the purpose of a letter, or to enclose any other thing in a newspaper, posted to pass as a newspaper, at the rate of postage applicable to newspapers (except in the case of accounts and receipts of newspaper publishers, which are permitted to pass folded within the newspapers sent by them to their subscribers), shall be a misdemeanor.

#### MONEY ORDERS.

*Money Orders on Canada.*—All the Money-Order Post Offices in Canada are authorized to draw Money-Orders on each other for any sum up to \$100, and for as many Orders of \$100 each as the applicant may require, upon the following terms, viz.:—

On Orders up to \$10.....	5 cents.
On Orders over \$10, and up to \$20.....	10 "
" \$20, " \$40.....	20 "
" \$40, " \$60.....	30 "
" \$60, " \$80.....	40 "
" \$80, " \$100.....	50 "

*Money Orders on the United Kingdom.*—The Canadian Money Order Offices also draw upon all the Money Order Offices in England, Ireland, and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many Orders for \$10 sterling each, as may be needed to make up the amount to be remitted. The terms are as under:—

On Orders up to £2.....	25 cents.
On Orders over £2, and up to £5.....	50 "
" £5, " £7.....	75 "
" £7, " £10.....	\$1.00 "

*Money Orders on the Lower Provinces.*—The Canadian Money Order Offices draw also upon all Money Order Offices in Nova Scotia, Prince Edward Island, and Newfoundland. The Orders, like those of the United Kingdom, are made payable in Sterling money, and for sums up to £10 sterling. The terms are:—

For Orders up to £5.....	25 cents.
For Orders over £5, and up to £10.....	50 "

The Money Order Post Offices are furnished with lists of all the Money Order Offices in Canada, the United Kingdom, Nova Scotia, Prince Edward Island, and Newfoundland; and the Postmasters are instructed to afford every informa-

tion in their power, in respect of the places upon which they draw, together with any other information relating to such issues as the intending remitters may desire.

## CANADIAN STAMP DUTIES.

*On Bills of Exchange, Drafts, and Promissory Notes.*

In computing the duty, it must be borne in mind that any interest payable at maturity with the principal, is to be counted as part of the amount.

*Extract from Act of 1865.*—"The person affixing such adhesive stamp, shall, at the time of affixing the same, write or stamp thereon the date at which it is affixed, and such stamp shall be held *prima facie* to have been affixed at the date stamped or written thereon, and if no date be so stamped or written thereon such adhesive stamp shall be of no avail; any person wilfully writing or stamping a false date on any adhesive stamp shall incur a penalty of one hundred dollars for each such offence."

## HERSCHEL'S WEATHER TABLE.

The following Table, constructed upon philosophical considerations of the attraction of the Sun and Moon in their several positions respecting the Earth, and confirmed by experience of many years' actual observation, furnishes the observer, without further trouble, with the knowledge of what kind of weather there is the greatest probability of succeeding, and that so near the truth, that in very few instances will it be found to fail:—

MOON.	SUMMER.	WINTER.
If it be New or Full Moon or the Moon entering into the first or last quarter at 12 noon or between 12 and 2.....	Very Rainy.....	Snow and Rain.

## TABLE OF DESCENT OF REAL ESTATE,

ACCORDING TO THE LAW OF UPPER CANADA,

(Con. Stat. U. C. cap. 82.)

*N. B.*—This table applies only to persons dying on or after 1st. January, 1852. As to all persons who died before that day, the law of descent is the same as in England.

The Real Estate, in Upper Canada, of all persons dying on or after 1st January, 1852, descends as follows :

- 1st.—To lineal descendants, and those claiming by or under them *per stirpes*.
- 2nd.—To the father.
- 3rd.—To the mother.
- 4th.—To collateral relatives.

Subject, however, to the following rules :

*First.*—If the intestate leave several descendants in the direct line of lineal descent, and all of equal degree of consanguinity to such intestate, the inheritance will descend to such persons in equal parts however remote from the intestate the common degree of consanguinity may be.

*Second.*—If any of the children of the intestate be living, and some be dead, the inheritance will descend to the children living, and to the descendants of those who are dead, so that each child who shall be living shall inherit such share as would have descended to him if all the children of the intestate who shall have died, leaving issue, had been living, and so that the descendants of such as are dead shall inherit the share which their deceased parent would have received if living.

*Third.*—The same rule applies where descendants of the intestate are of unequal degree of consanguinity.

*Fourth.*—If the intestate die without lineal descendants, and leaving a father, the inheritance will go to the father, unless the inheritance came to the intestate on the part of the mother, and such mother be living. If the mother be dead, the inheritance descending on her part will go to the father for life, and reversion to the brothers and sisters of the intestate and the descendants of such as may be dead. If there be no brother or sister, or descendants of brother or sister, the inheritance will go to the father.

*Fifth.*—If intestate die without any lineal descendants and leaving no father, or leaving a father not entitled under the last rule, and leaving a mother and brothers and sisters or descendants of a brother or sister, the inheritance will go to the mother for life and revert to the brothers and sisters and their descendants. If the intestate leave no brother or sister, or descendant of a brother or sister, the inheritance will go to the mother.

*Sixth.*—If no father or mother capable of inheriting under the preceding rules, then the inheritance will fall to the collateral relatives in equal degree in equal parts.

*Seventh.*—If intestate leave only brother or sister, or descendant of brother or sister, the inheritance will go to those living and to the descendants of those who are dead equally.

*Eighth.*—If the intestate leaves no heir entitled under the foregoing rules then if the inheritance came on the part of the father, it will go to the brothers and sisters of the father, and the descendants of such as may be dead.

*Ninth.*—If no brother or sister of father, and no descendant of a brother or sister of father, the inheritance will go to the brother or sister or descendant of brother or sister of mother.

*Tenth.*—Where inheritance came on part of the mother, then the same shall descend to the brothers and sisters and descendants of brothers and sisters of the mother.

*Eleventh.*—Where the inheritance came neither on part of mother nor father, the brothers and sisters, and their descendants, of father and mother shall inherit equally.

*Twelfth.*—The half blood shall inherit equally with whole blood, unless the inheritance came by descent or devise or gift of some one of intestate's ancestors, in which case those not of blood to the ancestor shall be excluded.

*Thirteenth.*—Failing heirs as aforesaid, the inheritance shall go to the next of kin, according to the rules of the English Statute of Distribution.

*Fourteenth.*—The posthumous child will inherit equally with those born in the lifetime of intestate.

*Fifteenth.*—Illegitimate children cannot inherit.

*Sixteenth.*—If any child has been advanced by settlement or portion, and the same shall have been so expressed in writing by the intestate, or acknowledged by the child, the value of such advancement or portion shall be reckoned as part of the intestate's real and personal estate. If the advancement or portion be equal or superior to the amount of the share which such child would take, such child shall be excluded from any further inheritance. If unequal, the difference will go to such child.

## COUNTY OF BRUCE.

---

THE County of Bruce, which is shaped like a scalene triangle, is one of the 42 Counties composing Upper Canada: it is situated between 44 and 45½ degrees north latitude, and betwixt 81 and 81½ degrees west longitude. It is bounded on the north by the union of the waters of Lake Huron and the Georgian Bay; on the east by the County of Grey; on the south by the County of Huron; and on the West by Lake Huron, which lake forms one link of the great chain of fresh water lakes which in part separate British North America from the United States, which chain of navigable water affords ingress, and egress to Bruce by means of vessels capacitated to carry from 20 to 25,000 bushels of wheat.

The settlement of the County by the whites dates from the year 1848, since which date the influx of population augmented the number of actual settlers from 3000 to 4000 in 1848 to about 35,000 in 1866. The rapidity of its settlement is without a parallel in any County in either of the Canadian Provinces. The plan of giving free grants of land, consisting of 50 acres in each grant, to each of such as became an immediate actual settler adopted by the liberal government, at the head of which as governor was Lord Elgin (whose family name was Bruce), together with the fertility of the soil, led to the sudden influx of parties in search of land. The County of Bruce proper comprises eleven Townships, viz: Arran, Bruce, Brant, Culross, Carrick, Elderslie, Greenock, Huron, Kincardine, Kinloss, and Saugeen. There are four other Townships temporarily attached for municipal purposes, viz.: Amable, Albemarle, Eastnor, and Lindsay; which townships, in their extension northward, stand out in bold relief, and, by being nearly encompassed by the waters of Lake Huron and the Georgian Bay, form a peninsula, hence an integral portion of the County of Bruce as it is, with Capè Hurd at its northern extremity. On the west side of this peninsula, in Lake Huron, near the mainland, and thirty miles northward from Southampton, is the situation of the Fishing Islands, very important for fall fishing by seines and nets,—herring, white fish, and trout, of which from five to six thousand barrels are taken to market annually, and adds not a little to the trade of Bruce. The distance across the County from east to west is 35 miles, and from north to south about 90 miles, its climate is usually vigorously cold in winter, variable in spring, moderately warm in summer, and boisterously windy intermixed with spells of fine weather in fall. Along its shore there are natural facilities for harbor accommodation, and vessels of moderate tonnage can now find good shelter at Kincardine during the prevalence of violent storms, and

also at the Fishing Islands, and temporary shelter at the places named as follow, viz., Port-Head, Bay-de-deur, and at Chantry Island: the latter is convenient to Southampton, to all of which places, including Inverhuron, Malta, Port Elgin, Bay-de-deur and Port Head, grants of money for purposes of improvement have been given by the government to facilitate an unobstructed intercourse betwixt the producers and those engaged in lake navigation. Until very recently the inadaptedness of those ports for shipping and landing places presented serious obstacles or barriers to local public traffic.

The principal roads claim attention next. The Goderich and Saugeen Road extends nearly in the direction of north and south in a right line parallel to the general margin of the lake, varying in point of distance from the lake from half-a-mile to four miles, according to the prominence of the capes or the indentations of the bays; its continuation northward from Saugeen or Southampton is denominated the Saugeen and Owen Sound Road; its extension south from the town line, intervening Huron and Ashfield, is known as the Goderich and Kincardine Road. The Goderich and Saugeen Road forms the eastern boundary of the town plot of Kincardine, by which access may be had to Tiverton, situated nine miles northward; to Underwood, five miles from Tiverton; to Port Elgin, eleven miles north of Underwood; and to Owen Sound, thirty miles northward of Port Elgin. The crossing of the Saugeen River, near Port Elgin, is effected by means of a costly bridge of trestle work, erected in connection with the gravelling of the leading roads by the County. The best travelled road in the County is the Durham Road, on which is situated Kincardine, at its western terminus. Adjoining the lake, 7 miles to the east of Kincardine village, is the location of Bervie, 5 miles to the east of which is the Black Horse: 4 miles eastward of the latter is Riversdale, 4 miles to the east of which is Enniskillen; 8 miles eastward of which is the situation of Walkerton the County-town in a deeply indented trough at the point of intersection of the Durham Road and the Saugeen river, which point is about 30 miles from the outlet of the river into the lake and a similar distance from the western end of the road, Kincardine village erected at a point adjacent to the lake, and known by the aboriginal name Pennatanau-guego, vulgarly pronounced by the English speaking people Penetangore, which was changed in connection with the act of its incorporation to Kincardine village. The Saugeen and Elora Road connects Southampton and Walkerton, which embryotic towns are 30 miles distant from each other: the continuation of said road south-eastward effects a communication with Elora, thence with Guelph, where myriads of roads converge.

The side lines of roads are parallel to each other at a distance apart of one and a quarter mile; similar lines of road are laid out at right angles with the former, the direction of the road is east and west, and north and south; thus the whole county is laid out into squares containing ten lots, consisting of one hundred acres in each lot; the side of each of these squares, is one and a quarter mile; of the whole a checker board is a fair representation, with the exception that in the case of this, the squares adjoin each other; whereas in that, the roads intervene.

The inhabitants of Bruce are made up of several nationalities, viz: Irish, Germans, Scotch, English, English and French Canadians. The Scotch are the most numerous, the Irish next, the Germans next, then the English, and then the French Canadians. The nationality of each is no criterion of the religious persuasions to which they belong—the French and a small portion of the Irish are Roman Catholics; some of the English, and some of the Irish are Episcopalians; the principal portion of the Scotch, some of the Canadians and Irish are Presbyterians; some of the Scotch, some of the English, some of the Canadians, and a few of the Irish, are Baptists; a great many of the English, a great many of the Irish, a few of the Scotch, and some of the Canadians, are Methodists. The Methodists are divided into Wesleyans, Episcopal Methodists, New Connexionists, Primitives, Clovites, &c., &c. The Presbyterians are divided into Old Kirkites, United Presbyterians, and Free Church. The Episcopalians into high and low church. The Baptists into Free Will, Close Communion, and Adventists.

Improvements to facilitate inland travelling are being attended to; the Provisional County Council have entered upon a scheme of turnpiking and gravelling one hundred and fifty miles of the principal roads or thoroughfares of travel, and the contractors who have undertaken the execution of the requisite work on the various sections (for the work is under contract), are progressing with the performance of the work as favorably as could be expected under the circumstances; and notwithstanding the unsuitability of the weather, owing to unusually frequent and heavy rains, a considerable amount of work has been performed; and it is anticipated that in the course of next summer, the roads at least shall be in such a state as to admit of the inland carrying trade being carried on without interruption at all seasons of the year: but such comforts as must result from such an extensive scheme of improvements cannot but be attended with an enormous expenditure of public moneys, which by the rate payers will be more sensibly comprehended and realized when the Township collectors appear on their annual dunning rounds to collect the needful wherewith to defray the incidental expenses, or pay the money lenders the vast amount borrowed from them, and for which they hold County debentures with coupons for interest. The amount of "borrowed money" expended falls but little short of two hundred thousand dollars, and must exceed that amount before the roads are completed.

The subjoined Table contains data from which the reader, on examination, may be enabled to understand correctly the comparative area of the various sections denominated Townships composing the County. The Township of Carrick is king as to the number of its schools; Brant sways the sceptre as to the extent of its improvements; Kincardine bears the palm for market facilities; Port Elgin, Southampton, and Inverhuron, rank next to Kincardine as grain depots. The people of these places sharply compete with one another with an eye to the monopoly of the inland trade. The space allotted will not admit of the insertion of all that might be said regarding the Townships. The

characteristics of important localities have to be omitted for want of space.

The cleared land bears the proportion of a little over  $\frac{1}{3}$ th of the whole.

The Townships adjoining the Lake were appraised by the government at \$2.00 per acre, and those of the interior and of the rear of the County, at \$1.50 cts. per acre. To prevent speculation the land was open for actual settlers only, who, to keep valid their tenure, were required to clear, and put under fences and cultivation five acres during four consecutive years from the date of settlement, erect a house 18 x 24, and a barn on each lot of 100 acres. Except in the case of a family, the male members of which were allowed to hold land irrespective of a house and barn whilst they lived with their father, the period fixed by the government for payment of the land was ten years: a tenth of the whole amount of the purchase money with 6 per cent was required to be paid annually during the period of ten years from the date of the lands being brought into market, which, when complied with, government patents were to issue to the purchasers who had paid and improved their respective lots according to government regulation. They are but very few indeed who complied with the rules as regards the periodical prompt payment; yet even to this day no one had occasion to complain of harsh measures on the part of the government or the resident agent.

Indications of petroleum in Bruce exist, on the South line in the Township of Kincardine. Shale rock, the ignition of which gives a flame about as brilliant as that which may be obtained from alcohol, turpentine, or camphine, the dark seams and odour of the same in the limestone rock where rents, fissures, or crevices appear so highly colored that all doubts are removed as to the existence of the presence of the most admired lubricator and light-giving element. A company was formed to test the bowels of terra in that locality, and they actually pierced to the depths of upwards of 350 feet, when the drill broke in the hole, from which they failed to extract it, although several attempts were made; and

in the situation thus described the thing rests ; yet we anticipate more brilliant nights for Bruce and the regions beyond its boundaries from reservoirs native to Bruce.

The productiveness of the soil in Bruce is proven beyond doubt by the quantity of wheat exported yearly, which in round numbers amounts to about 300,000 bushels. A County consisting of 639,590 acres of lands, with only 112,463 of these acres clear, disclose to the reader and especially to living eyewitnesses the bearing capabilities of the surface soil, composed of black loam, the remains of decayed vegetable matter. In time the residents will ascertain whether the subsoil is productive or not : oats, peas, hay, including timothy and clover, cabbage, mangel wurtzel, and garden vegetables usually grow well, and in like manner fruits of the orchard. The soil that yields in abundance cannot be otherwise than good.

The products of the County consist of salt, maple sugar, pearls, or potash ; so far as surface indications go there is nothing to indicate the presence of any of the useful metals.

The rock of the County combines granite, greywack, lime and ferruginous boulders : lime abounds on the South line Township, of Kincardine, near Stony Island, and near Teeswater in the Township of Kinloss, and in the bed of the Saugeen River, and at Inverhuron and near Walkerton. The prevailing rock is lime which underlies the whole County ; the isolated boulders of granite are foreigners, and must have been borne hither in icebergs in the days of antiquity when the water prevailed over the land ; there are sufficient indications to show that this has been the case, and a similar description answers the boulders of greywack and ironstone.

#### LAY OF THE LAND AND APPEARANCE OF THE ABORIGINES.

The County is devoid of mountains and hills ; the frontier of the County near the lake presents in calm weather, adjoining a silvery plain somewhat elevated banks, with here and there a deeply indented ravine in which the drainage from the water troughs finds an outlet to the lake. Those banks are continuous with an extension of flat surface inland, whence towards the source of the numerous creeks and rills it becomes undulating, which changes gradually falls into vast flats where creek channels are lost sight of, and immediately merges into swampy ground where water overflows without any apparent outlet. The ground from which the creeks flow in opposite directions forms the most choice locations to settle on, but the settlement of which belongs to the past. The Indians were somewhat numerous at one time but are now comparatively few ; they appear during the fall and winter for hunting purposes, when they usually kill many of the deer species with flint locks, fowling pieces, used by them with unerring aim. The males are of medium size, weatherbeaten in appearance, with bare heads, long jet black hair, high cheek bones, wide mouths and short foreheads : on their feet they have moccasins, on their legs coarse blankets tied tightly with buckskin thongs, surmounting which, on their bodies, each has a blanket and a hatchet and a smoking pipe with a long wooden stem. This is a finished Indian—the connecting link betwixt the

whites and the Peruvians, thence to the gorillas. The Indians carry their guns only: the squaws carry the venison and all the moveables; they are experts at basket making and staining them in variegated colours. The swamp ash affords them ample materials, they prepare the same by splitting sections of it into thin slivers from four inches in width down to nought according as it suits their taste, for the execution of the kinds of basket which they think most likely to meet with ready sale in the market. The birch bark, within the compass of which they usually domicile, is denominated a wigwam. They also make fancy hay baskets, and buckskin moccasins beautifully and tastefully wrought with porcupine quills and beads, which reflects much credit on their taste and their idea of the attractive characteristics of the really beautiful.

The benefits of daily mails are realized in Kincardine, Southampton, Paisely, Walkerton, and intermediate places, with veins by which, for purposes of communication the most obscure places in the County are accessible.

The vegetation of Bruce consists of as follows :viz., such grasses and bulbous roots as are usually incident to the temperate zone; and cedar, tamarac, balsam, black ash, soft elm, and soft maple in swampy land; Norway black and white pine, white ash, maple, basswood, beech, rock elm, ironwood, and cherry on dry land; butternut on the flats, of creeks and rivulets; hemlock and birch about the margin of the swamps; oak for waggons, such as plank, hubs and spokes, as well as a considerable amount of pine lumber, are usually imported annually. The exports embrace wheat, oats, pease, barley, timothy seed, pearl ashes, hides, hemlock bark, wool, pork, butter, live stock, eggs, flour, and oatmeal. In addition to the imports mentioned above, may be named salt, sugar, coffee, spices, and drugs; grindstones, scythe stones, and hones, dry goods and hardware, bar iron and pig iron, fruit trees, and tombstones, &c., We may mention, with pleasure, that as regards the article of salt which hitherto we have been importing, the recent discoveries in the adjoining County of Huron gradually precede the necessity of importation of salt, of which the Province consumes about 300,000 barrels annually, and the County of Bruce about 11,000 bushels annually—a considerable amount, when it is considered that the pork usually exported leaves the County in a fresh state in the winter season, to be cured somewhere near its destination for consumption. Home consumption and fish curing absorb the quantity of salt alluded to. Fish is no inconsiderable item; the take near the Peninsula, in the Fishing Islands, amounts to from 6000 to 6500 barrels, including the different kinds; and if we add to the same the fish caught within twelve miles of the shore of the main body of the County during the fishing season, probably 10,000 barrels, in the whole, will not be an overestimate of the fish caught by those who are municipally under the control of Bruce officials; but the leaseholders are directly controlled by the Government, to which the lessees pay yearly stipulated rentals.

To travel through a roadless forest, strewn with a profusion of windfalls in the way, with occasionally heavy burdens of provisions, is not easy of

accomplishment; yet this was the only way or mode of procuring the staff of life by the first settlers of the interior of Bruce, when the beasts of burden for the carrying trade of this bush land, at the period alluded to, had not emerged from the womb of time. The primitive settlers had no other alternative than to perform the duties which, in the reclaimed portions of this Province, devolved upon the horse and the ox. The primitive settler had, at some period or other of time, to perform the work of the horse, ox, ass, camel, dromedary, or the mule in every part of the habitable globe. Need the reader wonder, then, that the first settlers of Bruce did not, in this respect, form an exception to the general rule? At certain stages of the reclaiming, and multiplying, and replenishing process in the different portions of mother terra, the morning light shone alike faintly upon the minds of the mass of the people. If, in other portions of the world, more in advance in point of civilization, and the geniality of warmth and high noon-day brilliancy of light, benefits arising from a knowledge of the sciences, accrue to the advantage of the people, as like produces like under similar circumstances, may not all predicate a successful future for Bruce, and sanguinely anticipate the near approach of high noon-day heat and light, with all its concomitant advantages?

### JUSTICES OF THE PEACE FOR BRUCE.

The following are the twelve gentlemen named in the new Commission of the Peace. They will generally be regarded as a good selection. Some doubts are expressed whether the old ones can act:—

James Brocelbank, Brant; William Hall, Brant; Michael Fischer, Carriek; Alexander McIntyre, Culross; Robert Pinkerton, Greenock; Peter Reid, Kinloss; John Phelan, Greenock; John Gillies, Elderslie; John M. Lumsden, Arran; William H. Ruby, Port Elgin; John Valentine, Paisley; Donald McLellan, Bruce.

### REEVES AND COUNCILLORS FOR THE COUNTY OF BRUCE.

The following are the Reeves and Councillors for this County for 1867, with the exception of Amable and Albemarle, which we have not heard from as we go to press.

KINCARDINE VILLAGE.—Reeve, W. Rastall; Councillors, A. Gordon, W. W. Davey, M. Macpherson, and S. Havner.

KINCARDINE TOWNSHIP.—Wm. Millar, Reeve; J. P. McIntyre, Deputy Reeve; Councillors; D. Leitch, C. Bennett, and Thos. Stewart.

### JUDICIARY OF THE COUNTY OF BRUCE.

**County Court.**—Presided over by a resident Judge in each county.—Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed £50 ; and to all suits relating to debt, covenant, or contract, where the amount is ascertained by the acts of the parties, or signature of the defendant, to £100 ; and to all bail bonds and recognizances of bail given in the County Court, to any amount ; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to either of the Superior Courts of Law. These Courts also possess equity powers, to the amount of £50, subject to an appeal to the Court of Chancery.

**Officers of Court.**—Judge, J. J. Kingsmill ; Clerk, William Gunn.

**Court of Quarter Sessions.**—For the trial of issues of fact, and the assessment of damages, on the second Tuesday in March, June, September, and December, in each year: J. J. Kingsmill, Chairman.

*Court of Chancery.*—J. J. Kingsmill, Master and Registrar for the County of Bruce.

*Surrogate Court.*—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting or revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effects in Upper Canada, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Court of Chancery. The County Judges are also Judges of the Surrogate Courts. William Gunn, Registrar, Walkerton.

*Law Circuits.*—The Courts of the Western Circuit are held in St. Thomas, Sandwich, Sarnia, Chatham, London, Goderich, and Walkerton. Clerk of Assizes, Deputy Clerk of the Crown, *ex officio*.

*Division Courts.*—For the summary disposal of cases by a Judge; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to action of debt or contract amounting to £25; injuries or torts to personal chattels amounting to £10; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom, or franchise, will or settlement, malicious persecution, libel, slander, crim. con., seduction, or breach of promise, or actions against a J.P. for anything done by him in the execution of his office, if he objects to it. Courts are held once in two months in each division, or oftener at the discretion of the Judge. The Divisions are established by the Courts of Quarter Sessions..... J. J. Kingsmill, Judge. *Clerks for Bruce.*—3rd Div., Joseph Barker, Kincardine; 8th Div., William Collins, Walkerton; 9th Div., John Eastwood, Southampton; 12th Div., H. B. O'Connor, Riversdale; 4th Div., George Campbell, Paisley.

*County and Judicial Officers of the County of Bruce.*—Warden, James Brocelbank; Treasurer, Alexander Sproat, Southampton; County Registrar, John McLay, Walkerton; County Clerk, George Gould, Invermay; County Judge, J. J. Kingsmill; County Attorney and Clerk of the Peace, D. Wilson Ross; Sheriff, William Sutton; Clerk of the County Court, and Deputy Clerk of the Crown, William Gunn; Master and Deputy Registrar in Court of Chancery, J. J. Kingsmill; Registrar Surrogate, William Gunn; Surveyor, Latham B. Hamlin.

## TOWNSHIPS OF AMABEL & ALBEMARLE.

The land in Amabel was first offered for sale by public auction in 1857, and Albemarle in 1858, but partly owing to the rough character of some of the land, and partly on account of some of the best lands being bought up by speculators, this section of the country has not been very rapidly populated. The general character of the soil is a moderately rich light loam, lying on a whitish limestone rock; in some parts there is a good depth of clay above the rock, but in many places the rock is seen above the surface. This is particularly the case in Albemarle, owing to the peculiar position of the land between two large bodies of water, the extremes of heat and cold are less felt than in any other part of Canada, and there is little or no summer frost. There are no settled villages in these townships at present, but there are two town plots in Amabel, viz: Wear-ton, at the head of Colpoys Bay, and Oliphant, at the fishing islands, on Lake Huron shore, but they have not been brought into the market yet.

There are two schools in operation in Amabel, and one in Albemarle, two post-offices in Amabel, viz: Elsinore, Donald McLeod, postmaster: Hepworth, William Plows, postmaster; one in Albemarle, viz: Colpoys Bay, Ludwick Kribs; postmaster. There is a saw-mill at the mouth of the Sable River, owned by Mr. McKenzie, of Dundas, a saw-mill on the same stream, owned by William Street; a saw-mill at Colpoys Bay, owned by Leonard Gleason; and a Grist and saw-mill owned by Ludwick Kribs.

## KINCARDINE VILLAGE.

Is situated on the shore of Lake Huron, about 30 miles north of Goderich, at the terminus of the Durham Road. The original town plot was surveyed by Government in 1850, and is one and a quarter mile square; in addition to which, Wm. Sutton, Esq., surveyed that portion known as Williamsburgh. The village is beautifully located on the inner portion of the Bay formed by Point Douglass, on the north, and Point Clark on the south. The ground rises gradually from the Lake for about a quarter of a mile to a level plateau, which extends to the banks of the river. It presents a fine appearance from the water, and commands a beautiful lake view. It is remarkable for the salubrity of its climate, and is fast coming into note as a summer resort for parties in quest of health and pleasure. The River Penetangore, (an Indian word, signifying *water on both sides*; formerly the name of the village, and still the name of the port), enters the town plot by four branches, which unite about a half-mile from the lake, and flows between high banks through the centre of the village—the mouth forming the entrance to the harbor. The Harbor Reserve is a low flat, comprising six acres; surrounded on all sides by high banks. By expending a few thousand dollars, in addition to the works now in progress, it could be made the safest if not the best harbor on the coast. The business of the place has been very much depressed and embarrassed for the want of proper harbor accommodation; but, during the present season, the sum of \$65,000, (45000 Government Grant, \$10,000 County grant, and \$10,000 raised by the village), is being expended in extending the piers, and dredging a channel and basin. Vessels carrying 15,000 bushels of wheat can now load inside the harbor in safety.

The village was incorporated in 1857, since which time it has progressed in population, improvements, business, and prosperity; faster than, perhaps, any other village in the Western part of the country. It is the best market, and the principal place of business in the county. The exports of the past year amounted to one quarter of a million dollars. The principal articles being wheat, barley, peas, grass-seed, flour, butter, pork, wool, pearlsh, and tan bark; all of which command ready market at remunerative prices.

The population is about 1500. There are fourteen general stores; those owned by P. & N. McNis, D. Cameron, W. H. Hurdin, Peter Robertson, Joseph Cook, James Legear, John M'Leod, R. Wilson, M. Shewan, and A. M'Lean, compare favorably with those found in our best towns. There are five hotels, two foundries, two pearlsh factories, two woolen factories, five boot and shoe shops, five cabinet shops, four carriage and waggon shops, five blacksmiths' shops, four tailors' shops, two tinsmiths' shops, one bakery and confectionery shop, two tanneries, two harness and

saddlery shops, one brewery, three grist and three saw mills (water power). Six boats are engaged in the fisheries; they employ about twenty men. The fish are of superior quality, and command a ready sale and at good prices. There are seven churches, market house and town hall, post-office, customs offices, inland revenue offices Division Court, Clerk offices, four lawyer's offices, four doctors, one dentist, two photographers, two druggists, and a watchmaker.

The educational advantages of the village are very complete. There is a grammar school and three departments of the common school; under the charge of the united board of grammar and common school trustees. They employ four teachers,—two male and two female. The schools are free, and comprise all the branches from the first book of lessons, to the higher studies which fit students for honors at the Universities. A Mechanics' Institute was incorporated in the Spring of 1866, and is in a flourishing condition.

The principal streets are well graded and gravelled, and well side-walked. Mails are received and despatched daily from Goderich, and the East, and tri-weekly from Walkerton and Southampton. During the season, of navigation, the steamer *Silver Spray* calls daily to and from Goderich and Saugeen; connecting at Goderich with the Train on the B. & L. H. Railway.

## WATCHMAKERS SHOP IN KINCARDINE.

### H. F. HUNTLEY

Takes this opportunity of informing the residents of the County,  
that he is fully prepared to put in repair

## ALL KINDS OF WATCHES.

Having served an apprenticeship in a first-class shop in England, he is acquainted with the most complicated mechanical time-pieces, all of which will be repaired on the premises in the most skilful manner, thereby insuring

### PUNCTUALITY AND GOOD WORKMANSHIP.

Parties living at a distance will find it well worth the extra trouble to forward their work by mail or stage, as such jobs will receive immediate attention. A written guarantee will be issued with each watch.

The subscriber also keeps on hand a supply of

### Watches, Clocks, and Jewellery,

every article of which will be warranted to be what it is represented.

## PAISLEY VILLAGE.

Some twelve years ago the now beautiful and picturesque village of Paisley was first surveyed by the Government; it has since progressed rapidly, and at the present time boast of a population of from seven to eight hundred. It contains nine stores, four hotels, as many blacksmiths' shops, three waggonmakers' shops, a cabinet shop, a foundry, two tanneries, and many handsome buildings; particularly noticeable among these are the stores of Messrs. McKehnie, Porteous and Orchard; Johnson's Anglo-American Hotel, and the private residences of Messrs. Brighty, Bristow, Beard, Bruce, Dick, and Hanna, all built of brick. Large brick school house is now in course of erection. There are three churches completed, one of which, the Episcopal, is built of brick. The professions are well represented; there are five clergymen, two doctors, two surveyors, and two lawyers. Messrs. Murdock and Orchard have lately erected a large carding and woolen mill, which must prove of no small advantage to the village. Two carding mills are in constant operation, and it is the intention of the proprietors to place power looms in them at an early date. It only requires enterprise and capital to make Paisley one of the best manufacturing towns in the west, its water power being almost unexcelled. Distance 15 miles from Walkerton, and about the same distance from Southampton.

## VILLAGE OF PORT ELGIN.

The village of Port Elgin is pleasantly situated on the banks of the bay of the same name, 5 miles from Saugeen, and about centrally situated in the township of Saugeen, and surrounded by a good agricultural county. A considerable portion of the township business is done here : it was first surveyed in 1853 by Messrs Hilker, Schantz, Stafford, and Brieker from which time it has rapidly increased in prosperity and business. It has a good shipping harbor, with some extensive and valuable warehouses, and in the summer it has daily connection by steamboat with Goderich and Southampton : it has two mails daily and two tri-weekly, and can boast of 5 churches, the Methodist, Mennonites, United Brethren, Presbyterian, and the church of the New Jerusalem ; 2 schools, with a good attendance of pupils, a commodious town-hall ; and a lodge of Good Templars, numbering about 50 members : it contains 4 stores, 3 hotels, 1 job printing office, 1 brewery, 2 tanneries, 1 woollen factory, 1 foundry, 2 saw-mills, 1 grist mill, 5 boot and shoe shops, 1 harness shop, 1 tinsmith, 2 tailor shops, 2 waggon shops, 3 blacksmith's shops, 2 cabinet makers, 1 match factory, 1 shingle factory, 1 pottery, 1 milliner and dress maker, and 1 physician. Population about 630.

## RIVERSDALE.

A village in the township of Greewich, county of Bruce, on the Durham Road, 12 miles from Walkerton, and 16 from Kincardne, situated on the Teeswater River. Contains about 100 inhabitants; it has doubled its population within the last three months. Riversdale contains 2 churches, Presbyterian and Roman Catholic. The latter, built by the exertions of the Rev. H. J., Kelly, P. P. is a very fine building, and does much credit to the priest and congregation. The Presbyterian Church is one of the oldest in the county, and its pastor, the Rev. Mr. Forbes, is much esteemed by his congregation.

*Professions and Trades*—One physician and surgeon, 2 merchants, 2 hotel keepers, 1 blacksmith, 1 shoemaker and 2 weavers.

Riversdale is the centre of a splendid country, has daily mail communication with Goderich, Hamilton, Toronto, and good gravel roads in every direction.

Mr. Mason is at present erecting a very large steam saw mill, and intends putting up a flouring mill next summer.

## SOUTHAMPTON.

This village is beautifully situated on Lake Huron, at the mouth of the Saugeen River, 22 miles west of Owen Sound, 15 from Paisley, 5 from Port Elgin, 32 from Kincardine, and the same distance from Walkerton, the county town. It was incorporated by a special act in 1858, under its present name, although its post office and port of entry are designated as *Saugeen*, by which name it is more extensively known than by its proper one. The agency for the Sale of Crown Lands in the county of Bruce, as also an agency of the Commercial Bank of Canada, are located here. The post office was established in the year 1851. Robert Reid, postmaster, ceased to hold that office in 1857, since which time Thomas Lee has been postmaster. The extensive grist mills, saw mill, carding and woollen factory of John Denny are within the limits of the village, as also the steam grist mill and distillery of Wm. Brady. There are in the village 7 stores, 2 blacksmith's shops, 1 cabinet shop, 1 tin shop, 2 bakeries, 4 tailors' shops, 5 taverns, 1 waggon shop, 1 saddlery shop and 1 drug store, 1 foundry, 2 physicians and surgeons. Mails received daily from Owen Sound, Walkerton and intermediate places, and tri-weekly from Goderich and intermediate places. During the season of navigation a steamer arrive and departs daily. Large quantities of grain, cim, and pine, timber, &c., are shipped from this place annually.

### CHURCHES.

Canada Presbyterian Church, built 1863, size 45x35 feet, cost \$1200; seats 300.

St. Paul's Episcopal Church, built 1861, size 56x28 feet; seats 250.

Wesleyan Methodist Church, 20x30 feet.

New Connection Methodist Church, 20x30 feet.

Roman Catholic Church, no regular services; visited by Priests occasionally.

St. Lawrence Lodge, No 131, A. J. and A. M., meets regularly on the evening of the second Tuesday of each month: it was first opened in the year 1860.

The Southampton Volunteer Rifle Company, Capt. Redden, Lieutenant Sinclair, and Ensign ——— was organized in the winter of 1861 and 1862, since which time it has been regularly drilled, and has, on several occasions, passed a very creditable inspection.

## VILLAGE OF TARA.

The settlement of this village commenced in 1855, and is now a prospering county village, distance 16 miles from Owen Sound, same distance from Southampton. It is beautifully situated on the banks of the Sable River, population about 260; and is well supplied with millers, merchants manufacturers and mechanics; there is a grist and 2 saw-mills, 1 tannery, 1 carding, spinning, and weaving factory, 1 tanning mill factory, and 2 small asheries; a spacious and commodious schoolhouse, which is used as a place of worship on Sundays by the different Protestant denominations. There is an Episcopal Methodist church, also a Presbyterian church; the latter have now a brick church in course of erection. The limits of the village joins that of Invermay, the centres of both being about a mile distant. Both villages started about the same time, and vie with each other in trade and enterprise.

## WALKERTON.

Walkerton, the county town of Bruce, is situated six miles westward from the eastern boundary line of the county, and twenty-six miles eastward from the lake; was founded some fifteen years ago by Joseph Walker, Esq., to whose indomitable energy and perseverance the people are now, to no inconsiderable extent, indebted for the location of the county seat. It is beautifully situated on a plateau of slightly elevated ground forming the banks of the Saugeen river, which is intersected by the principal thoroughfare in the county, known as the Durham Road, within sixty yards of the business centre of the town. There are several manufactories in and around Walkerton, and the facilities afforded for this purpose are scarcely equalled in the western section of the Province, as its water power is almost unlimited. It is also surrounded by an excellent agricultural country, and one of the best wheat producing sections of Canada.

The rising ground forming the environs of the business part of the town, presents eligible sites for villas, and in close proximity to the town there is abundance of substantial building material in the shape of good limestone and clay, well adapted for the making of bricks. We know of few places presenting better opportunities for the investment of capital than Walkerton. The public and private edifices which form the chief objects of attraction are as follows:

### PUBLIC BUILDINGS.

County buildings, consisting of the Court House and Jail, a plain structure of stone, with little or no claim to architectural beauty, were erected last summer at a cost to the county of about \$40,000, standing on slightly elevated ground on the west side of the river and south side of the Durham Road. The ground floor of the County Buildings contains the offices of the Registrar of Deeds, the County Treasurer, the County Court Clerk, the Sheriff and the County Attorney, and Clerk of the Peace, opening upon a central corridor that traverses the building. Above are the Court room—a fine lofty apartment—the Judges' room, the Grand Jury Room, the Petit Jurors rooms, &c.

The store and dwelling of John Bruce, Esq., merchant, and the commodious hotel of James Waterson, Esq., are the first buildings of their class in the county, both of which are a credit to the place.

The residence of the Registrar, John McLay, Esq., is a neat commodious edifice, occupies a conspicuous position, and commands an excellent view of the town.

The Presbyterian, Episcopalian, and Methodist churches are plain, neat buildings; in addition to which the place can boast of a first-class

## METROPOLITAN PERMANENT BUILDING SOCIETY.

Incorporated pursuant to Acts of the Provincial Parliament.

HON. WILLIAM CAYLEY, President.  
FRANK SHANLY, Vice-President.

MATTHEW CROOKS CAMERON, Q.C.,  
Solicitor.  
JAMES FRASER, Secretary & Treasurer.

OFFICE—5 King Street West, next to Fulton, Michie & Co.

Shares - - - - - \$50 each.

Payable either in advance or by monthly instalments of \$4 per share, and a deposit of \$2 per share at the time of entering. New members may come in at any time. No entrance money, or management fee.

SHAREHOLDERS, whose stock is paid up in full, can receive a half-yearly dividend, if desired, or it may remain at their credit, and accumulate to any given period. They have also the privilege of withdrawing their stock at the end of each financial year, on their giving 30 days' notice of their intention so to do, thereby obviating the locking up of their money for an indefinite period, which has hitherto been a drawback to Building Societies. This method also gives an opportunity of receiving a periodical return for the investment.

BORROWERS will find this system an easy way of repaying their loans. The principal as well as interest is gradually paid off by small periodical payments, extending over any period the borrower may desire, from one to ten years; so that instead of paying simply the interest half-yearly, leaving the entire amount to be paid in one sum—the whole indebtedness is gradually wiped out, and at the end of the term the property is left free from debt.

Loans granted on City or Farm Property. Interest allowed on deposits.

Application for Loans or Shares may be made to the undersigned,

JAMES FRASER, Secretary and Treasurer,  
5 King Street West, Toronto.

### SHARES.

\$100, payable in quarterly, half-yearly, or yearly instalments, spread over five years.

### TO BORROWERS.

Money advanced on first-class improved Property, for any term, from one to ten year repayable in monthly, quarterly, half-yearly, or yearly instalments, at the borrower's option.

The advantages of this system over that of private mortgages cannot be too highly estimated. Usually, though interest may be punctually paid, the term expires without any portion of the principal being met; whereas with this Society, if the above repayments are regularly made, the Debt will be completely cleared off at the end of the term, and the mortgage delivered up.

The Expenses are *very moderate*.
